On Dec. 28, 1900 by agreement I met Robert Obabbage and James Corns, the only parties interested, at the house on the Nancy J Lemon Dower and proceeded to locate the boundary lines and corners of said Dower. The dower was set off for Nancy J Lemon by commissioners appointed by the court. Their report is in Order book "O" page 305.

Following the description given in this report I run the lines and located the corners as shown in plan above.

Eli P. Myers and A. F. Sterling as chainmen and A. H. Ogle as flagman were all duly sworn.

I hereby certify that the above is a true report of the survey made by me as I verily believe.
